

DISRUPTING THE ACADEMY

14 YEARS

Event website: www.us.ac.uk/cheer

ABOUT

CHEER is part of critically important social change, bringing together new ideas and innovative approaches to the creation, exchange and dissemination of knowledge and its social justice purpose, disruption into the academy on society's highest profile platform.

This event marks the significant 14th anniversary of our contribution to questions of gender, inclusion and diversity in the global academy, and is committed to examining and re-visioning the academy and how we can create the opportunity to share knowledge for all her work as CHEER. This Disrupts the Academy event features a series of short talks including invited speakers and a series of collaborators across the globe, as well as a series of future areas of higher education in research, innovation

and practice. Since its first event in 2004, CHEER has been a leading platform for the exchange of ideas and knowledge across the academy and beyond. What other forms of excellence across the academy?

WARNING

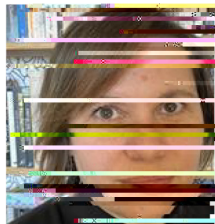

In association with the Disrupting the Academy event, 30 Cheap site Briefing and Disrupting the Academy United Kingdom
